ABOUT US

Kuzey Makina was founded in 1979 by Fikri Güler under the name of Guler Plastic Mold Industry. Our company has started the workshop around the activities of Turkey's leading companies (Arçelik, Beko, Profilo etc.) made of plastic injection molding and manufacturing metal dies.

In 1998, we wanted to use this knowledge and skills in office furniture sector Güler Plastic Mold Industry office furniture spare parts manufacturing KUZEY MAKİNA LTD. ŞTİ. under the name of fabrication system.

Our company, which has been developing and continuing its development without sacrificing its quality over time, has been working with Fikri Güler and his sons Ercan and Uğur Güler.

Our company which never works without disrupting the quality and design policy, will continue to serve our valued customers by signing new projects with technological investments every day.
